This is the biggest parade for the city of Foley. It's a rough guesstimation on time because it depends on the number of float entries, but roughly 45min - hour.

At the end of the route, all wind and percussion players will need to turn in bibbers to parents. We will have parents divided by a few sections to make process go faster.

Dismissal:

You are dismissed once you turned in your bibbers and you're not involved with the **Let it Snow** event afterwards. This officially concludes the marching season.
